Was able to obtain a years extension on the loan of a film from Army Signal Center. The film covers some areas of records management activities which we intend to include in our workshops.

25X1 3. Vital Records [ ]

- a. A meeting was held with members of the Security Office, Security Records Division, to discuss the pending re-microfilming of Vital Records in their office. I took this opportunity to call their attention to their major problem, the immediate development of a revised Vital Records Deposit Schedule. Ever since 1954, each time we were ready to micro-film, Security records custodians have admitted that a review of Vital Records requirements should be made, but advocate, 'let's proceed as previously, this time and before the next filming we'll revise our schedule'.

I emphasized the need for closer coordination between the Security Office War Planners, the Records Officer and the custodians of each Security Division.

25X1 [ ] said that he would discuss this with the person responsible for performing periodic reviews of the Office War plans.

25X1 [ ] the Vital Records microfilmer was present at this meeting.

- b. Was successful in obtaining, on a loan basis, slides depicting the Vital Records Program of the Chase Manhattan Bank, N. Y. City. The slides will be reproduced by our Reproduction Plant for use in our workshop.

Mr. Darter, GSA, has also loaned us color photos illustrating the facilities at the GSA underground protective site in Neosho, Missouri.

4. News

Attended a forms council, chaired by Bob Rice, held at Addressograph-Multigraph Company on New Hampshire Avenue.

25X1 [ ] and I attended the monthly O&M meeting which was held at the GSA Auditorium. Dr. John Millett of University of Miami in Ohio spoke on the New Role of Management in the Public Service.

25X1 Talked to [ ] DDP/Executive Branch Matters (formerly OCB). She is preparing to retire to the Center all papers that remain from the Office of the Coordinating Board. Work previously handled by this Staff is now being routed to the CA Staff where they are called Special Group papers.
